Hi Joe,

If you're charging 100% to the Mission Assignment, you need the following code built into your PPL+. Only a PPL+ Coordinator can do this, as OCFO has locked the ability of an individual user to build their own as a control mechanism.

16/17 BR 06LOX13 303DC6 H001

If you have any questions or issues just let me know.

Jake
